1. Last spring Dr. [REDACTED] accepted an invitation from us to visit OTR and brief DTR on his psychological research activities for the Army. Due to the conflicts in his and DTR's schedule last summer we were unable to make arrangements for the meeting, and it was agreed that it would be attempted again in October. We recently called and learned that Dr. [REDACTED] will not be available until sometime in November.

2. Dr. [REDACTED] visited us on 1 October for the purpose of discussing his progress in obtaining information for [REDACTED] assessment. [REDACTED] had been in Miami during the previous week and had interviewed four [REDACTED] psychiatrists. Two of these appeared to be well informed and qualified to help us on this project. This information was passed on to [REDACTED] on the CI Staff who is currently attempting to obtain an operational clearance on these individuals so Dr. [REDACTED] can proceed.

3. On 8 October [REDACTED] was given a briefing by C/A&E on the current activities of the A&E Staff. This meeting was initiated by C/A&E who wished to bring [REDACTED] up to date on the activities. Mr. [REDACTED] commented favorably on the trend of our developments and emphasized that he had found the assessment reports on a number of JOTs very helpful.

4 October - 10 October 1962
Assessment and Evaluation Staff

25X1A9a 4. C/JOTP has requested that we provide him with an assessment and testing battery which can be used by overseas bases to test candidates for the JOT program who are spotted among the [REDACTED] group. It is understood that he will pass this on to [REDACTED] C/WE who will depart for a TDY of WE stations within the next couple of weeks. 25X1C

25X1A9a 5. The second Flexowriter ordered by the A&E Staff will not be delivered on schedule. We have fortunately been able to borrow a Flexowriter from the Automatic Data Processing Staff until our own machine arrives. The additional Flexowriter is being used primarily to prepare the Registrar's backlog of External Training records on punched paper tape. It will also speed up the input processing of A&E test results.

25X1A9a 6. At the request of [REDACTED], NPIC Training Director, [REDACTED] spent most of this week working on NPIC training problems. NPIC has just recently received a proposal from [REDACTED], to develop a curriculum for the training of photo interpreters. [REDACTED] was invited by [REDACTED] to join him in a discussion of the proposal with [REDACTED] President of [REDACTED]. It did not take long to discover that the proposal has serious limitations. Because [REDACTED] wished not only to criticize, but to offer a feasible alternative, he and [REDACTED] (at the [REDACTED] of the Center) spent many hours talking over the pros and cons of a counter-proposal. Details of this counter-proposal are still not settled, but in general, it involves making use of the [REDACTED] with whom the Agency already has a contract for programming services, several of whom are already cleared through SECRET, and who have an outstanding capability in the programming field. 25X1A 25X1A9a 25X1A 25X1A9a 25X1A9a 25X1A9a 25X1A5a1

25X1A9a 7. In connection with the FE/China Language Training Program, John [REDACTED] requested that a number of their people take the Language Aptitude Test. Eleven were tested on 9 October, and nine were tested on 11 October. Approximately 25 more will be tested on 16 and 18 October.

III. PERSONNEL

25X1A9a 8. [REDACTED] is going to be transferred to AIB/RS/TR to work for [REDACTED] as an editorial clerk. 25X1A9a

25X1A9a 9. An applicant for an assessment psychologist position is undergoing his pre-employment processing on 11 and 12 October. The applicant is a mature individual who speaks Spanish and who has been in private practice in Puerto Rico. On 10 October C/A&E conferred with [REDACTED] of TFW to determine their interest in having an individual [REDACTED] 25X1A9a

with this background assigned to Miami. They indicated that they would appreciate this if it could be arranged and that we should not be concerned about slotting problems (as DC/JMWAVE appeared to be at an earlier date); they would prefer to pick him up on a contract basis.
